# CURRENT ESTIMATES

# 1996

City of  
HAMILTON

## ABOUT THIS DOCUMENT

This document provides a detailed breakdown of the City of Hamilton 1996 Current Budget as approved by City Council on February 27, 1996, and is intended for use by City staff only.

New this year are schedules depicting mill rate comparisons, residential realty taxes on \$5,000 assessment, and taxation and assessment by classification. On pages 7 - 15, a summary of the total expenditures and total revenues is provided, followed by detailed listings of departmental and non-departmental budgeted amounts, on a per-account basis. The expenditure summary is presented on a Standing Committee basis, while the detailed listings for each department which follow are in numerical order for ease of reference.

For those departments which have both revenue **and** expenditure estimates, a Departmental Net Summary is first provided indicating total revenues, total expenditures and net operations. Following the Net Summary, a summary of revenues followed by a summary of expenditures is provided on a centre total basis, only where the detailed listings are one or more pages in length, thus providing a quick reference by centre, without all the detail.

City departmental budgets are located in the first part of the document on pages 16 - 353, followed by the Local Board budgets, namely the Hamilton Public Library Board, H.E.C.F.I., and the Hamilton Parking Authority, on pages 354 - 495.

## INDEX
